

WHAT YOUR DAY LOOKS LIKE

AT EKUTHULENI LODGE

SUMMER

October to April

Summers in the Waterberg are hot and can be humid, with temperatures rising as soon as the sun is up. The day begins just before sunrise when birds and animals are usually at their most active, before the heat of the day forces them to retire to the shade.

WINTER

May to September

While days remain warm, dry and often sunny too, winter mornings and evenings can be very chilly. Our game drive times are adjusted to take advantage of the daytime temperatures and the sparser landscape makes for excellent wildlife viewing.
